

EVOLVEO

Salvarix

remote controller, key case

www.evolveo.com

The wireless remote controller is used for quick remote alarm control. With the 4 buttons you can activate / deactivate / partially encode the alarm or trigger an SOS alarm. Practical ring allows comfortable use.

Technical specification:

Power supply: 1 × 3V (CR2032) battery included

Consumption when activated: 7.5 mA

Standby consumption: 0 mA

Range: up to 80 m in open space

Frequency: 433 Mhz

Max. humidity: 90 % without condensation

Working temperature: -20 °C to +50 °C

Note: to guarantee long battery life, do not use in extremely low and high temperatures for long periods of time. Do not expose to direct sunlight.

Device and control description:

Battery replacement

Unscrew the screw on the back and carefully remove the front and rear key case covers. Remove the discharged batteries and insert new ones. Maintain correct polarity to avoid damage to the key case.

Pairing with the control panel

For successful pairing with the control panel, follow the control panel manual.

Disposal

The symbol of crossed out container on the product, in the literature or on the packaging means that in the European Union all the electric and electronic equipment, batteries and accumulators must be placed in separate waste after the end of their service life. Do not throw these products into the unsorted municipal waste.
